

ARTS COLLABORATION PROJECT

- In your collaborative groups- create a 5-7 minute 'piece'
- Centered on “What is the essence of HSPVA?”
 - Artistically represent the soul of PVA
- Must touch on Imagination, Creativity and Innovation (Robinsons work)- the following is on pg. 142 of OooM:
 - Imagination is the primary gift of the human consciousness- the source of our creativity.
 - Creativity involves putting your imagination to work. In a sense, creativity is applied imagination- it involves *doing* something
 - Innovation is the process of putting new ideas into practice. Innovation is *applied* creativity.
- You will have 4- 90 minute class sessions to create
- The presentation will take place on the main stage during finals...only for our class
 - simple staging, lighting, and sound
- This will count as half of your final and will include the following components:
 - Successful Collaboration
 - My assessment (rehearsal and final product)
 - Self-assessment
 - Peer assessment
 - Quality of the presentation
